Rebranding Caremore Pharmacy

Caremore Pharmacy, which has stores nationwide, approached Alpha Lewis Signs in 2014 to assist with a large rebranding project. The rebranding of Caremore Pharmacy was vital to its continued effort to provide the best possible advice and care to customers.

Alpha Lewis Signs has worked with Caremore Pharmacy to produce a wide range of signage for more than ten stores across metropolitan Melbourne. The shopfront signage helps to keep the Caremore brand alive in the local area and the point of sale signs help to point customers in the right direction.

Our rebranding has allowed Caremore Pharmacy to continue to provide the best care to its customers.
